HERE'S WHAT THEY'RE SAYING

"This conference matters. It's about telling people you can control your own destiny; you can participate in the market economy and be rewarded for your intelligence and effort and entrepreneurialism."

President Bill Clinton
42nd President of the United States
Founder, Clinton Foundation

"The influence and innovation and creativity that is exhibited here is literally palpable. More importantly, it is contagious. It affects the way you think, and it gives you a forecast of the future, so that you can make the kinds of choices that causes lives to be changed."

T.D. Jakes
Chairman and CEO, TDJ Enterprises

"The HOPE Global Forums is the greatest show on Earth – because it talks about creating jobs and rebuilding the almighty middle-class. There is testimony from well-known American CEOs and entrepreneurs, a 13 year-old business genius, President Bill Clinton – a wide range of expert witnesses. If anybody can bring our "good jobs" economy back – it is this summit, John Bryant and his Operation HOPE powerhouse."
